

Rabies

FACTS

1

KIDS

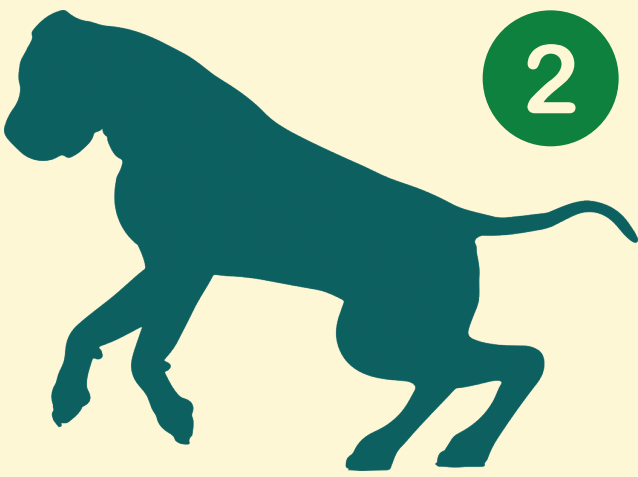

Children make up 40% of all people bitten by suspect rabid animals.

2

SOURCE

Infected dogs account for the source of some 99% of human rabies deaths.

3

BATS

In North America the primary source of human rabies infection is bats.

4

SHOTS

A post-exposure medical regimen to prevent rabies is administered to 15 million people every year.

5

DEATHS

Yearly, almost 60,000 people die of rabies worldwide.
